Batuhan BARTU

OBJECTIVE

I was born in Antalya in 2003 and I have been studying Computer Engineering at Istanbul Topkapı University since 2021. I am currently a 4th grade student and I am a curious researcher who wants to progress and improve myself in the field of Cyber security.

I pay close attention to detail and solve problems effectively. I'm always learning new testing techniques and tools to keep up with the latest trends in technology.

I'm passionate about improving processes and making products better. I communicate well within the team and focus on finding solutions to the challenges we face.

SKILLS

Strategy | Quality / R&D | Fast and Interactive Thinking | Quality Management | Communication Techniques | Test Management | System Analysis | Technical Analysis | System Management | Test Automation | Integration Testing | Emerging Technologies | Compliance Testing | Teamwork | HTML5 | Analytical Skills | CSS | JavaScript | Ubuntu | Linux | VMware | Web Development | OOP (Object-Oriented Programming) | Algorithm Development | C | C++| C# / WindowsForm | Java | Dart | Node.js | Bash/Shell | Nmap | Wireshark | SqlServer | MySql | Network

EDUCATION

Topkapı University, Istanbul — *Computer Engineering*

OCT 2021 - Present

During this period, when I started as a computer engineer, I had the opportunity to improve myself in many areas. In many fields such as Web, Mobile, Database, Game design, but I am more interested in cyber security and I am doing my best to progress in that field and I will continue to do so.

COMPETITIONS

Kriz İletişim Hekatonu

Team Name: YAZEK KİH-2 (Team Leader)

Duration: [16.05.2023]

Description: As the leader of the YAZEK KİH-2 team, I developed my leadership, development and community building skills in the field of technology. The aim of this competition we participated in was to develop a project that would solve a problem in 36 hours. So, with other members of my team, we developed a mobile application in this direction, in which we aim to match families across Turkey who can help each other before or after a natural disaster.

Project: Hami Ailem

CERTIFICATES

10.2024 Networking Essentials - **Cisco**
Skills: Network | Ağ Yönetimi

09.2024 Wifi Hacking - **ww.b**eyazhacker.com
Skills: Wifi güvenliği | Wifi hack

08.2024 Büsiber Yaz Kampı - Siber Kulüpler Birliği
Skills: Web Uygulama Güvenliği ve Bug Bounty

08.2024 Cybersecurity Fundamentals IBM
Skills: Cybersecurity | vulnerability Assessment | Incident Response

08.2024 Pentesting - Turkcell Geleceği Yazanlar
Skills: Linux | Vulnerability Assessment | Kali | Tester | Tools

02.2024 Cyber Security fundamentals - Turkcell Geleceği Yazanlar
Skills: Linux | Vulnerability Assessment | Ubuntu | Open Source | SSH

10.2023 Linux 201 - Turkcell Geleceği Yazanlar
Skills: VMware | Linux System Administration | Linux

10.2023 Linux 101- Turkcell Geleceği Yazanlar
Skills: Linux | Linux Server | GNU/Linux system

09.2023 Network Eğitimi- Turkcell Geleceği Yazanlar
Skills: Network Management | Network Architecture

05.2022 C++ - Coderspace
Skills: OOP
